STEP 1: CHOOSE CONVERSATION TOPIC

YOU CAN'T BE
WHAT YOU
CAN'T SEE

Awareness & Exploration

Expose students to possibility. Shift mindset
from "What job?" to "What's possible?"

CAREERS YOU CAN'T SEE (YET)

- Emerging and unfamiliar careers
- Challenge stereotypes
- Build curiosity and belonging
- Link to classroom subjects

JOBS SHAPING THE FUTURE

- High-growth industries
- Building labour-market awareness
- Connecting STEM programs to real-world opportunity
- Link to classroom subjects

Pathway Clarity & Decision Confidence

Support confident subject and post-school decision-making.
Reduce pressure while maintaining aspiration.

DECISION POINTS

- Reduce subject selection anxiety
- Connect subjects to multiple pathways
- Builds informed decision-making confidence

MORE THAN ONE WAY

- Explore university, VET, apprenticeships, traineeships and non-linear pathways
- Entry routes into STEM programs and male-dominated industries
- Multiple structured pathways can lead to success
